LB 357

we fail in this undertaking, everybody's bills will suffer, the session will suffer and the Legislature will suffer. Now it may appear that these are stringent rules. This is the only way we know to set up the agenda and try to keep the operation under reasonable control. So when it comes to the thirty minute limit, that thirty minutes means thirty minutes. When it comes under special order, item #6, two hours, that means one hour for each of the two subjects. We are preparing a tentative agenda for the rest of this week and a tentative agenda for next week to try to give you a little additional perspective. If you have questions as we go along I hope you will either give them to my secretary or else to me personally because this is a rather crucial time and, therefore, I took the time to call this agenda to your attention. Now we will pass over 285 and we will begin the special order with 357 and then go to 494 unless somebody has an objection. So the Chair will recognize for one hour discussion, Senator Schmit, on 357 and first of all the Clerk will read the title to the bill.
